RE: Docket Numbers: 98N-1230, 96P-0418,
& 97P-0197

Please be advised that I am opposed to the cruel process of "forced molting".

Since USDA's own studies show that forced molting makes hens more susceptible to salmonella + other diseases, due to their compromised immune systems, coupled with the cruelty of the process, I feel forced molting should be prohibited. Warning labels + refrigeration rules are not enough.

Thank you. Jackie Raven
