Docket #'s
98N-1230
96P-0418
97P-0197

Dear FDA,

More Needs to be done to protect consumers from bacteria in chicken products than just putting warnings on egg cartons and regulating temperatures.

Please prohibit Forced molting. No only Does this seem logical that this would affect the birds immune systems detrimentally but it has been scientifically proven to promote Disease. Please use your right to ban practices that injure health of consumers and put a stop to Forced Molting. (over)

96P-0418

C785

Thank you.

Sincerely
Michelle Browning
