To whom it may concern,

1402 '92 MAR 17 P1:35

I and my family want FDA to adopt a labeling system of genetically engineered foods.

The only way I can make an informed choice whether or not to purchase foods with genetically modified ingredients is if these foods are labeled accordingly.

Consumers have the right to choose for themselves between genetically engineered and non-genetically engineered products.

truly yours,

mrs Eugenia Fesenko-Kowalskyj
