SAVE THE SPIRIT BEAR

The elusive white Spirit Bear lives only in the temperate rainforests of British Columbia, Canada. NRDC is waging a campaign to end clearcutting of the Spirit Bear's home and to protect it instead as a rainforest preserve.

Dear Michael Friedman —

I oppose the use of animal testing! We the U.S. seems to be behind other countries. Why do so many animals ha to suffer? FDA regulations need to change to make this happen - make the not suffer. For our planet, the animals + for us - please have some compassion.

Thank you
