1559 99 DEC -9 P2:18

Dec 01, 1999

Dear Ms Shalala

I wish to express my concern about weakening of label requirements for irradiated foods which is presently being considered by the Food & Drug Administration.

I believe that I have a right to know if the food I eat has been treated with radiation as food products undergo chemical changes after such exposure.

Please defend the consumer's right to know and his rights in this important decision-making process!

Sincerely

Roberta Cable
