U.S. Food & Drug administration:

This letter is being written to urge you to grant Farm Sanctuary's petition to prohibit the slaughter of downed animals. Surely you must have some feeling for these poor animals and would want a more humane treatment of them. We humans have been given the power over all the creatures in the living scale below us. We must always use that power to be kind and careing. Please do the right thing. Thank you.

Sincerely,

Shirley Jane O'Neill
