Re: Docket # 98 P-0151/CP1

To The Head of FDA

4 7 3 5 0 00 NOV 15 P2:02

I am a concerned citizen who would like to know what your agency proposes to do regarding the slaughter of downed animals. I urge FDA to grant the petition made by Farm Sanctuary to prohibit the slaughter of downed animals.

I further request that you strenghten the laws that punish the cruelty and inhumane methods used by the industry that cause unnecessary injuries and animal suffering.

Please let me know FDA's plans and kindly respond to my inquiry.

Sincerely, Amarilis Amoros
