Food Additives Permitted for Direct Addition to Food for Human Consumption; Olestra; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Final rule; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a final rule that appeared in the **Federal Register** of May 24, 2004 (69 FR 29428). The final rule amended the food additive regulations to allow for the safe use of olestra as a replacement for fats and oils in prepackaged, unpopped popcorn kernels that are ready-to-heat. The initial action was in response to a food additive petition (FAP) filed by the Procter and Gamble Co. The final rule published with an inadvertent error. This document corrects that error.

EFFECTIVE DATE: *[Insert date of publication in the Federal Register]*.
