What that all means is that you don't have to have attended all the training sessions, read all the material, or watch all the videos before you can go out and share this wonderful Sportron opportunity. You can go out the day you have been enrolled and share your excitement and enthusiasm about the products and the plan. You will be successful.

What we have just discussed is a brief summary of the basics that are needed for a Marketing Associate to be successful with the Sportron opportunity.
