Dear U.S. Food + Drug administration,

I am writing on behalf of the petition to prohibit the slaughter of downed animals - Docket # 98P-0151/CP1. As a U.S citizen I find it sickening that animals are treated so badly before they are killed. If we must continue to kill animals for food - then do so in a humane, painless way. Animals have feelings + I urge you to pass the Farm Sanctuary's petition to end the slaughter of downed animals - it is unbelievable that in this day + age of modern technology that this still goes on!

Sincerely

Karen French
