Dear Commissioner,

My family has been eating organic, hormone-free, healthy foods ever since I was born. We don't buy any dairy products from cows treated with rBGH. Well, I've got news for you: Not all that many people do! The people who do are uninformed, but shouldn't be. We need to help them make the right decision!

Please be kind and adopt definitive national guidelines regarding rBGH labeling.

Thanks,

Jessica [illegible]
