DEAR COMMISSIONER HENNEY -

RBGH (RECOMBINANT BOVINE GROWTH HORMONE) IS UNHEALTHY FOR HUMANS & COWS. CANADA & EUROPE HAS BANNED IT - WHY HAS THE FDA APPROVED IT FOR USE IN THE U.S.?

IF THE FDA IS GOING TO CONTINUE TO ALLOW THE USE OF RBGH - I URGE YOU TO AT LEAST ADOPT DEFINITIVE NATIONAL GUIDELINES REGARDING THE LABELING OF DAIRY PRODUCTS SO CONCERNED CONSUMERS MAY MAKE AN INFORMED CHOICE

THANK YOU.
