November 1, 2000

Dear Sir/Ma'am

4011 00 NOV -3 P 2:5

Please prohibit the slaughter of ~~Downed~~ DOWNED ANIMALS. They should not be allowed to enter the human food chain since some ~~may~~ may have mad cow disease which has been linked to a fatal ~~human~~ human illness (CJD Creutzfeldt-JAKOB disease)

90% of downed animals can be prevented with better care and handling. Removing the market for downed animals will encourage the industry to prevent downed animals. DOCKET 98P-0151/CP1

Sincerely

Joan H Czarnecki

Thank you for protecting all of us - humans and animals alike
