Dear Dr. Henney,

I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed, and I support all the points in docket #00P-1211\CP1

1 All GE foods should be labeled so I am informed and have a choice.

2 GE foods should not be assumed to be "generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.

Commissioner Jane Henney
Docket No.00P-1211\CP1
FDA Dockets Management Branch
(HFA-305)
5630 Fishers Lane, Room 1061
Rockville MD 20852

(Additional Personal Comments:) xpanded Regional Co-op Farms would be great - We would love more emphasis put on organic Farms - we do not consider genetic engineering (~~Food~~ Food Tampering) to be a good idea.
