Ref: Docket 99P-0033/CP1

Dear Commissioner Henney:

This letter is to demand that the FDA act on the HFA petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature, and they shouldn't be forced to eat dead animals.

Most urgent is this action required because of the diseases caused by this practice in animals and in humans also.

Your own advisors have warned you not to feed meat or meat products to non-meat eaters. Why have you ignored them?

Hopefully
Jane Paulk
