10-28-99

Dear Commissioner Henney:

Am writing regarding the use of antibiotics in animal feed.

0577 '00 JAN -6 AM 1:09

Please prohibit livestock producers from routinely adding medically important antibiotics to animal feed to promote growth.

If they keep it up, we in the USA will become ill, so in the long run they won't have the market to sell their animals anyway.

Trusting you will do the right thing to keep this from happening

Sincerely,

Louise E. Zapp
