12/23/99

Dear J. Henney, M.D.:

Please 27 2 2 '99 JAN -6 A11:51 ge the FDA to follow the European Union's lead in banning animal use of growth promoting antibiotics used in human medicine. The emergence of anti-resistant diseases is too possible to ignore, &

immediate action is essential.

Thank you for your consideration.

Yours truly,

Virginia M. Wolters
