Gentlemen —

PLEASE understand that we who treasure the use of a well-Designed + functioning body WANT / NEED appropriate labelling on food.

Trans fats — please help us to be ABLE to derive from labels WHAT WE ARE consuming!

It's cheaper (& more fun!) to stay well than to abuse our bodies for others' profits. Let's add Trans fats to labels.

Docket # 94P-0036

Thank you, sincerely,

Francine M. Griffiths,
