May 30 2000

Respectfully,
Mr Joseph Levitt,

1557 '00 JUN 12 P3:10

Director, Center for Food Safety
and Applied Nutrition

Karen Larsen
69 Mill Rd
White Hse Sta, NJ 08889-3702

Consumers have the right to know what is in their bottled water. As a member of the Center for Science in the Public Interest, I support the F.D.A.'s proposal that bottled water manufacters be required to make available detailed reports of contaminants. They should have the same requirements that public water utilities do. All bottled water labels should also disclose where the water is found.

Thank you sincerely for your attention to this important concern.

Karen Larsen
