Jane Henney, Commissioner
Food & Drug administration,
5600 Fishers Lane Room 1471
Rockville MD.

Dear Commissioner Henney:

I feel very strongly about antibiotics, as growth promoters in livestock & poultry.

I urge you to follow the lead of the European Union, & immediately ban the use of human medicines, as growth promoters in the food we eat.

Please protect us consumers against the greedy profits of the special interest groups.

Sincerely -

E. J. Gerstley
