regard to food radiated Food
I have lemon. Oranges turned
into a rock. Did not rot.

Why not labeled in stores?

Meat and other food are
radiated - Which take away
Vitamin in Food. yes they
might last longer on shelf.
How about the People?
And the FDA - Condemn
Vitamin - but not other
Prescription drug that cause
Cancer, Liver damage kidney
damage - eye ear Problem

an

2/ Men become impotent - also.
Causes incontince - Then the -
doctor (Medical supplies Make Money
selling Products etc - People should
be taught to eat right. live Right
not to eat Processed foods.
that have Salt Sugar chemicals
in them in cans and in Box
frozen foods loaded with
Chemicals - Our body immune
system breaks down. after all
that

I was given 2 years to live
With Cancer in 1976 - My 3
doctors are dead - I went to
another County for help. - I had to
change diet especially - More rest
exercise - I still have cancer but is
slowed down

I didn't Take The Conventional Method

Chemo Causes Cancer
also $3,000 a shot

Sincerely
Mary Weiss
