**SUPPLEMENTARY INFORMATION:** The Panel was created on August 18, 1999. FDA is requesting nominations for members to serve on the new advisory panel. Persons nominated for membership should have expertise in the activity of the Panel as identified below.

### **Function**

The function of the Medical Devices Dispute Resolution Panel is to provide advice to the Commissioner of Food and Drugs on complex or contested scientific issues between FDA and medical device sponsors, applicants, or manufacturers relating to specific products, marketing applications, regulatory decisions and actions by FDA, and agency guidance and policies. The Panel makes recommendations on issues that are lacking resolution, are highly complex in nature, or result from challenges to regular advisory panel proceedings or agency decisions or actions.

### **Criteria for Members**

Persons nominated for membership on the Panel shall be experts with broad, cross-cutting scientific, clinical, analytical or mediation skills. The term of office is up to 4 years.

The Panel will also include technically qualified members who are identified with consumer interests and representatives of industry interests.

### **Nomination Procedures**

Any interested person may nominate one or more qualified persons for membership on the Panel. Self-nominations are also accepted. Nominations shall include a complete curriculum vitae of each nominee, current business address and telephone number, and shall state that the nominee is aware of the nomination, is willing to serve as a member, and appears to have no conflict of interest that would preclude Panel membership. FDA will ask the potential candidates to provide detailed information concerning such matters as financial holdings, employment, and research grants and/or contracts to permit evaluation of possible sources of conflict of interest.

### **Criteria for Consumer-Nominated Members**

Selection of members representing consumer interests is conducted through procedures that include use of a consortium of consumer organizations which has the responsibility for screening, interviewing and recommending candidates for the agency's selection. Candidates from this group, like all other candidates for membership on the Panel, should possess appropriate qualifications to understand and contribute to the Panel's work.

### **Industry Representatives**

Regarding nominations for members representing industry interests, a letter will be sent to each person or organization that has made a nomination and to other organizations that have expressed an interest in participating in the selection process together with a complete list of all such organizations and the nominees. The letter will state that it is the responsibility of each nominator or organization that has expressed an interest in participating in the selection process to consult with the others to provide a consensus slate of possible members representing industry interests within 60 days. In the event that a slate of nominees has not been provided within 60 days, the agency will select an industry representative for each such vacancy from the entire list of industry nominees to avoid delay or disruption of the work of the Panel. The agency is particularly interested in nominees that possess the essential scientific credentials needed to

participate fully and knowledgeably in the Panel's deliberations. In addition to this expertise, the agency believes that it would be an advantage to the Panel's work if the individual had special insight and direct experience into specific industry-wide issues, practices, and concerns that might not otherwise be available to others not similarly situated.

This notice is issued under the Federal Advisory Committee Act (5 U.S.C. app. 2) and 21 CFR part 14 relating to advisory committees.
