Washington, D.C. 20204

Dear Dr. Yetley:

This letter is to notify you that we are offering for sale calcium-magnesium complex tablets as a dietary supplement. It contains the following structure/function statement: Dietary factors have a significant impact on bones. A healthy lifestyle, in addition to meeting daily calcium requirements, can help maintain bone density and strength. Calcium and magnesium also support muscle and nerve function. Our label contains the proper disclaimer as well.

Thank you,

Lori Akian
Technical Nutrition Assistant
