
To Whom It May Concern,

I am writing to beg you to stop using animals, such as dogs, for slaughter, and forced to live a life of torture. Eating animals is human nature, and I don't argue with that. I do, however, have a problem with animals being mistreated by humans who are governed by no laws. We must have guidelines and laws that regulate the ethical treatment of these animals, not only for the animals sake, but also for our own safety. How can we call ourselves civilized

downer animals that are
sick or injured. Those downer
animals should never be allowed for human
consumption.

Please grant the Farm
Sanctuary's petition to prohibit
the slaughter of downer
animals. People must start
this and do one.
