Docket # 98P-0151/CP1

Gentlemen:

I am writing to speak out for downed farm animals.

I cannot believe that this country allows sick animals to suffer for hours, even days, without receiving food, water or veterinary care and in many instances left to die of neglect. How can we in all good conscience allow these animals to be treated so cruel, being dragged to slaughter with chains and pushed by tractors. These animals are to be used for human consumption, and all these things cause a health risk to humans. These practices must be STOPPED NOW!!! For the sake of both the animals and the humans who consume the meat, change your practices in handling animals.

I urge you as a tax paying American to grant the Farm Sanctuary's petition to prohibit the slaughter of downed animals.

Thank you.
