RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of IP-6, a dietary supplement. Source Naturals® is the manufacturer of IP-6.

Statements being made in the labeling of IP-6:

1. Many researchers believe that some of fiber's health benefits may be due to the antioxidant, immune enhancing, and cardiovascular supporting activities of IP-6.
2. In-vitro and animal research has shown IP-6 to have significant protective and growth regulating effects on various cells and tissues including those of the colon, breast, and prostate.
3. Only IP-6 in this form has consistently demonstrated positive research results.*

To the best of my knowledge, and based upon information and belief present at the time of the execution of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
