ORDER

By Motion dated May 20, 2002, the Center for Veterinary Medicine requested permission to redact certain documents, including Exhibits G-559 and G-812. On May 30, 2002, Bayer filed a Partial Objection to CVM's Motion, opposing the redaction of Exhibits G-559 and G-812. By Order dated June 4, 2002, the Administrative Law Judge ordered CVM and Bayer to confer and jointly submit a draft Order defining to what extent, if any, these documents are to be redacted.

With respect to Exhibit G-559, CVM and Bayer now agree that an unredacted version of this document can be placed on the public docket, therefore CVM's Motion with respect to Exhibit G-559 will be denied.

With respect to Exhibit G-812, CVM and Bayer agree that a redacted version should be placed on the public docket and an unredacted version should be placed on the Confidential Docket, therefore CVM's Motion with respect to Exhibit G-812 will be granted.

It is **ORDERED** that an unredacted version of Exhibit G-559 remain on the public docket.

It is **FURTHER ORDERED** that a redacted version of Exhibit G-812 be placed on the public docket and that an unredacted version of Exhibit G-812 be placed on the Confidential Docket.

Dated this 14th day of June, 2002.
