Please sign and return this petition sheet to Citizen Petition. Ask family, friends, neighbors to sign. Health food stores, doctors, bulletin boards, office, clubs, church -- people everywhere are concerned and want to take part. As of 5/30/00, we have sent 4,428 signatures to F.D.A. That's good, but we need many more to persuade F.D.A. to treat citizens with the same respect they give to the multi-billion dollar food industry. There's no time limit.

To join Citizen Petition and reach out to others, send just \$20 (\$5 hardship) tax-deductible,* to P.O. Box 10, Amherst NH 03031. We'll send our lists of 35-plus waxed fruits and vegetables, 60-plus wax ingredients and health effects, AND a N.H. store sign revealing reported carcinogen orthophenylphenol in the wax on fresh limes.
