Subject: July 26th Public Hearing

Dear Mary:

Further to our telephone conversation today, the Consumer Healthcare Products Association (CHPA) would like to request time on the agenda to provide oral remarks and respond to Q&A during the July 26th public meeting on bar code requirements for human drug products (see Fed. Reg. June 18, 2002). If you plan, an industry panel, this might be an appropriate place for us in the program. CHPA is the 122-year-old trade association that represents over 200 manufacturers and distributors and allied businesses involved in the production, packaging, distribution, research and advertising of OTC drug products.

I will be in touch with you by e-mail prior to July 12th to provide a brief summary of our position. I will plan to represent CHPA.
