Re: Notification for Statements on Dietary Supplement Labeling

Dear Sir/Madam:

This notification is being submitted on behalf of Young Living Essential Oils, Payson, Utah, a distributor of dietary supplement products (hereafter "Young Living").

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. § 343 (r) (6), and in accordance with the authorized provisions of 21 CFR § 101.93 (a), your Agency is hereby notified that Young Living proposes to make and/or has made statements of "nutritional support", as described in 21 U.S.C. § 343 (r) (6) (A), for its dietary supplements as follows:

<u>Product Name</u>	<u>Statement(s)</u>
Rehemogen	Formulated with cascara sagrada and essential oils to enhance digestion.
Stevia Extract	A sweet-tasting dietary supplement that supports the pancreas in maintaining normal blood sugar levels.
Powergize Wolfberry Bar	FOS/inulin supports the growth of "good" bacteria that keep the intestines healthy and promote regularity. FOS/inulin also helps maintain normal blood sugar levels, and a healthy circulatory system. It also improves mineral bioavailability (particularly calcium), and supports the immune system.

The undersigned certifies on behalf of Young Living Essential Oils that the information presented and contained in this correspondence is complete and accurate.

Sincerely yours,

Crystal Godfrey, Label Regulations
