Re: Notification for Statement on Dietary Supplement Labels

Dear Sir/Madam:

This notification is being submitted on behalf of EuroPharma, Inc., Green Bay, Wisconsin, a distributor of dietary supplement products.

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. § 343(r)(6), and in accordance with the authorized provisions of 21 CFR § 101.93(a), your Agency is hereby notified that EuroPharma, Inc. has made statements of "nutritional support", as described in 21 U.S.C. § 343(r)(6)(A), for its dietary supplement(s) as follows:

PRODUCT NAME	STATEMENTS
<p>Body Confident Ageless Body Formula™</p>	<p>Poor diets, toxins, cigarette smoking, and even natural forces of aging are unremitting in the cell-damaging free radicals they create. Providing the right underlying care with Body Confident Ageless Body Formula™ can promote quality of life and vitality.*</p> <p>Ageless Body Formula™ features the <i>Exclusive Rejuvenating Body Blend™</i> of GliSODin®, the first orally absorbed, vegetarian form of superoxide dismutase (SOD), as well as standardized green tea and grape seed extracts. This blend leads a revolution against oxidative damage to joints, the immune system, heart, and brain.*</p> <p>As little as 0.0005% of typical SOD products taken orally reaches the intestines, and the SOD that remains isn't absorbable. GliSODin® is unique because it's created by a patented process that protects SOD in the stomach, so it's available for absorption. After just two weeks, 73% of subjects using GliSODin® reported improved quality of life and 60% reported improved vitality and energy.*</p> <p>The <i>Exclusive Rejuvenating Body Blend™</i> also features a grape seed extract standardized for polyphenols. Polyphenols scavenge even the most reactive free radical species.*</p> <p>Ageless Body Formula™ features mixed tocopherols to provide the full range of vitamin E's benefits. Vitamin E is a fat-soluble antioxidant, which allows it to function in the cell membrane. Evidence indicates vitamin E supports longevity at the cellular level, where the aging process begins.*</p> <p style="text-align: right;">975 0162 LET 13525</p>

PRODUCT NAME	STATEMENTS
