Re: Notification for Statement on Dietary Supplement Labels

Dear Sir/Madam:

This notification is being submitted on behalf of EuroPharma, Inc., Green Bay, Wisconsin, a distributor of dietary supplement products.

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. § 343(r)(6), and in accordance with the authorized provisions of 21 CFR § 101.93(a), your Agency is hereby notified that EuroPharma, Inc. has made statements of "nutritional support", as described in 21 U.S.C. § 343(r)(6)(A), for its dietary supplement(s) as follows:

PRODUCT NAME	STATEMENTS
Body Confident Skin Cell Defense™	<p>Skin Protection Against Oxidative Damage.*</p> <p>Your skin is at the mercy of external forces such as the sun, smoking, and the myriad of chemicals and pollutants you're exposed to every day. But it's never too late to protect skin cells against free radical damage with Body Confident Skin Cell Defense™.*</p> <p>This revolutionary skin-protecting formula features GliSODin®, the first orally absorbed, vegetarian form of superoxide dismutase (SOD) created by a patented process. Research suggests SOD is the most important enzyme for neutralizing destructive free radicals.*</p> <p>Begin defending and renewing your skin today with Body Confident Skin Cell Defense.*</p> <p>Everyone's needs and lifestyle are unique. The Body Confident™ line allows you to customize a regimen that's right for you. Triumph over the forces of aging with Body Confident™.*</p>

97S 0162 LET 13526

As required, enclosed are two photocopies of this notification.

The undersigned certifies on behalf of EuroPharma, Inc. that the information presented and contained in this correspondence is complete and accurate.

Sincerely yours,
EuroPharma, Inc.

Re: Notification for Statement on Dietary Supplement Labels

Dear Sir/Madam:

This notification is being submitted on behalf of EuroPharma, Inc., Green Bay, Wisconsin, a distributor of dietary supplement products.

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. § 343(r)(6), and in accordance with the authorized provisions of 21 CFR § 101.93(a), your Agency is hereby notified that EuroPharma, Inc. has made statements of "nutritional support", as described in 21 U.S.C. § 343(r)(6)(A), for its dietary supplement(s) as follows:

PRODUCT NAME	STATEMENTS
Body Confident Skin Cell Defense™	<p>Skin is at the mercy of external forces such as the sun, smog, cigarette smoke, low humidity, and a myriad of chemicals and pollutants every day. Fortunately, it's never too late to protect skin cells against free radical damage with Body Confident Skin Cell Defense™.*</p> <p>This revolutionary skin-protecting formula features GliSODin®, the first orally absorbed, vegetarian form of superoxide dismutase (SOD) created by a patented process. In contrast, as little as 0.0005% of typical SOD products taken orally reach the intestines, and that small amount is in an unabsorbable form.*</p> <p>SOD is the most important enzyme for destroying free radicals that threaten skin cells. This includes free radicals produced by sun exposure, which affect skin even more than the body's natural aging process. Research shows a one-time UV exposure decreased SOD levels for up to 72 hours. However, SOD supplementation can boost SOD levels and maintain SOD production despite UV exposure.*</p> <p>Skin Cell Defense™ features the Ultra Defense Blend™ containing GliSODin® and grape seed procyanidins, shown to scavenge even the most reactive free radical species. In addition, whole tomato extract provides 2.5 mg of lycopene, a carotenoid that exhibits strong antioxidant activity. Lycopene is destroyed when skin is exposed to UV light, supporting the importance of supplementation. In addition, our whole tomato extract is produced under a patented process that makes it highly bioavailable.*</p>

PRODUCT NAME	STATEMENTS
Body Confident Skin Cell Defense™	<p>Studies have shown that exposure to UV light reduces the level of vitamin E in the skin. Skin Cell Defense™ contains vitamin E in a mixed tocopherol form. Most vitamin E supplements on the market contain only alpha-tocopherol; our full-spectrum vitamin E provides broader skin protection.*</p> <p>Protects skin cells against oxidative damage caused by environmental and lifestyle factors, especially the sun, but also including secondhand smoke, low humidity/dry climate, and pollution.*</p> <p>Contains GliSODin®, the first orally absorbed, vegetarian form of superoxide dismutase (SOD) created by a patented process.*</p> <p>Features the Ultra-Defense Blend™ of GliSODin®, whole tomato extract, and grape seed procyanidins to provide synergistic antioxidant benefits.*</p>

As required, enclosed are two photocopies of this notification.

The undersigned certifies on behalf of EuroPharma, Inc. that the information presented and contained in this correspondence is complete and accurate.

Sincerely yours,
EuroPharma, Inc.
