Re: Docket No. 78N-0038
Comment No. CP14

Dear Mr. Donegan:

This is in reference to your citizen petition (CP14) dated August 22, 2003, filed under Docket No. 78N-0038 in the Division of Dockets Management. The petition requests that FDA reopen the administrative record of the Final Monograph for Over-the-Counter Sunscreen Drug Products, 21 CFR Part 352, Subpart C. Your petition purports to provide scientific rationale why FDA should include the claim "Helps protect against skin aging caused by the sun" in the Final Monograph.

The procedures governing the review of citizen petitions are set out in regulations found at 21 CFR 10.30. The regulations provide, among other things, that the Commissioner shall furnish a response to a petition within 180 days of the petition, as FDA resources and priorities permit (See 21 CFR 10.30(e)). This is to advise you, pursuant to 21 CFR 10.30(e)(2), that because other priorities exist, FDA is unable to provide a response to the petition at this time.

If you have any questions regarding this matter, please refer to the docket and comment numbers noted above and submit all inquiries to the Division of Dockets Management (HFD-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, Maryland 20852

Sincerely yours,

Steven Galson, M.D.
