Hang Tag

Helps Alleviate Menopause *

EstroHealth is a unique combination of herbs and soy isoflavones that help stabilize hormones and lessen the effects of hormone fluctuations. The phytoestrogen compounds in EstroHealth have a similar structure to estrogen and may help balance natural estrogen levels.*

How does EstroHealth Help Alleviate Menopause?

- Combats hot flashes and night sweats with Standardized Black Cohosh and Soy Isoflavones *
- Maintains healthy bones and cardiovascular system with Ipriflavone and Red Clover *
- Promotes calming effect and relaxation with Chaste Tree Extract and Chamomile *

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

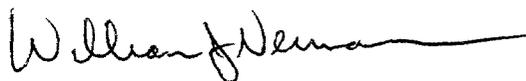

Tray Label

Promotes Female Hormonal Health †

† This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

We certify that the information contained in this notice is complete and accurate, and we have substantiation that the above structure/function statements are truthful and not misleading.

Sincerely,

William J. Neumann
