NOTIFICATION OF DIETARY SUPPLEMENT CLAIMS

Manufacturer Name and Address: Perrigo Company of South Carolina 515 Eastern Avenue Allegan, MI 49010		
Statement Text: Here's how it works. There is a naturally occurring digestive enzyme called alpha-amylase, that converts starch into sugar, which may then be stored as fat in your body. The ingredient in Starch Blocker* (which inhibits alpha-amylase), along with diet and exercise, makes it more difficult for that chain of fat producing events to get out of the gate.		
Dietary Ingredient: White kidney bean extract (Phaseolus vulgaris) Phase2™	Dietary Supplement Name: Starch Blocker	
Appears on the following label:		
Dr. Steven Rosenblatt's		

I hereby certify that the information presented and contained in this notice is complete and accurate.

I also certify that Perrigo Company has substantiation to verify that the statement is truthful and not misleading.
