December 13, 2004

Dear Sir or Madam:

This letter will serve as a 30-day notification pursuant to Section 6 of the Dietary Supplement Health and Education Act of 1994 that NBTY Inc. is using the following statements on our Calcium Plus Vitamin D supplements under the Sundown label:

- Calcium is the primary mineral responsible for strong bones.
- The body also uses Calcium for proper muscle contraction and nerve function.
- Vitamin D assists in Calcium absorption and maintaining a healthy immune system.
- Because the body cannot produce Calcium, a balanced diet, regular exercise, healthy lifestyle choices and adequate intake of Calcium and Vitamin D can play a role in maintaining optimal bone health.

The above statements are accompanied by the required disclaimer pursuant to Section 6 of the Dietary Supplement Health and Education Act.

Sincerely,

Angelica S. Vrablic, Ph.D.  
Manager, Nutrition Research
