Dear Sir/Madam,

In accordance with the Food & Drug Cosmetic Act 21 CFR Section 101.93, the statement(s) for dietary supplements listed below have been included as labeling for the following product:

Dr. Art Ulene's Herbal Formulas™ Evening Primrose Oil

Statement(s):

Premenstrual Support

Evening primrose oil has been used for centuries to promote premenstrual comfort, breast health and normal joint function.

This oil is rich in linoleic acid and gamma-linoleic acid (GLA), two fatty acids that play an essential role in maintaining health.

Scientific studies show that linoleic acid and GLA support the body's manufacture of prostaglandins, natural chemicals that influence the function of many organs.

I certify that the information contained in this notice is complete and accurate and we have substantiation that these statements are truthful and not misleading.

A handwritten signature in cursive script, appearing to read 'Dave Brubaker'.
