Dear Sir or Madam:

This is to provide the required information to comply with our obligation under DSHEA labeling regulations.

Supplement: Ester C Powder

Manufacturer, packer: Natural Factors Nutritional Products, Ltd.
3655 Bonneville Pl
Burnaby, B.C.
Canada V3N 4S9

Distributor: Natural Factors Nutritional Products, Inc.
1420 80th St. SW, Suite B
Everett, WA 98203

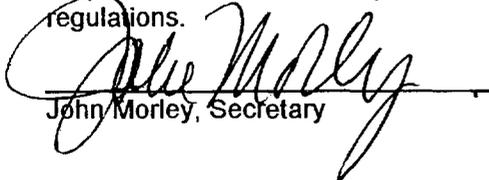

Text of the side panel: Ester C[®] powder is an easy-to-take form of Vitamin C, it may be mixed in juice or water or sprinkled on cereal. Ester C is patented technology that allows Vitamin C metabolites to develop during the manufacturing process. These metabolites may enhance Vitamin C's absorption and utilization. Buffered with calcium, Ester C[®] is non-acidic to avoid the gastrointestinal irritation some persons experience when taking ascorbic acid and is less harmful to tooth enamel than regular ascorbic acid. Vitamin C is a potent, nutritional antioxidant supporting healthy bones, cartilage, teeth and gums. It helps protect cells against environmental pollutants and deficiencies in the daily diet.

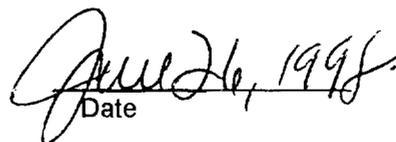

Text on PDP: Potent antioxidant protection

Name of dietary ingredient that is the subject of statement: Vitamin C

Name of the dietary supplement: Natural Factors

I represent the information presented to be accurate and in compliance with supplement label regulations.

John Morley, Secretary
