

NOTIFICATION PURSUANT TO
SECTION 6 OF DSHEA

In compliance with Section 6 of the Dietary Supplement Health Education Act (DSHEA) and Rule 21 C.F.R. 101.93, this Notification is filed on behalf of the following manufacturer of **Great American Nutrition® NuStart™ Glucarate Product #52446, #50417 and #50473** bearing the statement(s) set out below:

Weider Nutrition International., Inc.
2002 South 5070 West
Salt Lake City, Utah 84104

The text of each structure-function claim for **200 mg Calcium D-Glucarate, 200 mg green tea extract, 200 mg rosemary extract, 100 mg citrus bioflavonoids per capsule** is as follows:

- (Statement 1)** Stimulates the major cleansing pathways in the body and helps bind and remove harmful tobacco-related elements.
- (Statement 2)** Nutritional support for: ex-smokers, people exposed to second hand smoke or other airborne pollutants.
- (Statement 3)** Now that you have made that personal decision, help your body remove the harmful elements which have built-up in your system. NuStart™ Ex-Smoker's two-phase system is a patented formula that contains Glucarate, which has been shown to enhance the major cleansing pathway in the body. NuStart™ Ex-Smoker's formula also combines other synergistic ingredients that help neutralize free radicals, which further enhance the effects of Glucarate. Let NuStart's two-phase system help you cleanse your body and sustain a healthy lifestyle.
- (Statement 4)** Even after you stop smoking, tobacco related elements can continue to circulate in your body for years. The body deals with these harmful compounds through two primary processes: antioxidation and glucuronidation. The benefits of the antioxidation pathway are well understood; however, glucuronidation is a process that, until now, has been overlooked.
- (Statement 5)** Expedites the Body's Natural Cleansing Process
- (Statement 6)** Helps Neutralize and Eliminate Tobacco-Related Elements -- Stimulates the major cleansing pathways in the body and helps bind and remove harmful tobacco related elements
- (Statement 7)** Glucarate -- to bind and remove harmful elements
- (Statement 8)** Antioxidants -- to neutralize free-radicals

6/1/98
LET 2142

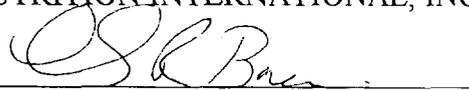

- (Statement 9) Green tea has been shown to stimulate cleansing enzymes in the lungs and provide nutritional support for normal cell growth.
- (Statement 10) Supports the body's other major cleansing pathway, antioxidation.
- (Statement 11) Provides powerful nutritional support for the body's primary cleansing pathway, glucuronidation.
- (Statement 12) Enables the body to rid itself of harmful tobacco-related elements

I, Luke R. Bucci, Ph.D., CCN, CNS, Vice President of Research at Weider Nutrition International, Inc. am authorized to certify this Notification of behalf of the Company. I certify that the information presented and contained in this Notification is complete and accurate and that the Office of Regulatory Affairs at Weider Nutrition International, Inc. has substantiation that each statement is truthful and not misleading.

DATED this 8th day of September, 1998.
