Re: Notification of DSHEA nutritional support claim for AmeriFIT Amino HBV-5000 Dietary Supplement

Dear Sir or Madam:

The purpose of this letter is to provide notification pursuant to section 403 (r)(6) of the Federal Food, Drug, and Cosmetic Act ("the Act") and 7 C.F.R. § 101.93 that AmeriFIT, Inc., is marketing a dietary supplement that bears a statement of nutritional support as defined in section 403 (r)(6) of the Act.

The label for AmeriFIT's Amino HBV-5000 bears the following statement(s):

"High quality amino source to help build positive nitrogen balance."

"... provides essential amino acids ... and helps create positive nitrogen balance to help create new muscle tissue growth and prevent catabolic breakdown of muscle proteins."

AmeriFIT, Inc. has on file substantiation that the above statements are truthful and not misleading. To the best of my knowledge, the information contained in this notice is complete and accurate.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Larsen".

Craig Larsen
Director of Product Development and Quality Assurance
