Dear Dr. Tanner:

I am in receipt of your letter dated September 9, 1998, wherein you responded to our proposed claim for the nutritional supplement product "Poly C". This claim was submitted to the FDA on September 4, 1998.

After reviewing our proposed claim in light of your concerns we have decided to change the claim and completely delete the text you brought to our attention. We submit the following new claim for the same product:

"...vitamin C can be an important factor in maintaining a healthy cardiovascular system."

Thank you for your rapid response to our initial communication. Please let me know if there is any problem with this new claim.

Sincerely,

Jeb McCandless
