RE: Notification of Nutritional Support Statements

Dear Sir or Madam:

I hereby notify the Food and Drug Administration (FDA) of the use of statements of nutritional support in the labeling of Acidophilus and DDS-1 Acidophilus, a dietary supplement. Source Naturals® is the manufacturer of Acidophilus and DDS-1 Acidophilus.

Statements being made in the labeling of Acidophilus and DDS-1 Acidophilus:

- (1) Lactobacillus acidophilus supports colon health by altering the microflora ecology, to inhibit undesirable flora and favor "friendly" flora.
- (2) Acidophilus also manufactures some B-Vitamins, especially Folic Acid.

To the best of my knowledge, and based upon information and belief present at the time of the executing of this notice, I certify that the above information is accurate and complete. Source Naturals possesses substantiation that the statements are truthful and not misleading.
