Text of the side panel: Natural Factors has combined Calcium & Magnesium Citrates in a one-to-one ration (125mg each) with Potassium and Zinc and Vitamin D. Calcium ensures strong bones and teeth and is necessary for normal nerve function and muscle contraction. Magnesium is necessary for many biological reactions including, proper muscle function and helps to absorb calcium and potassium. Manganese supports muscles and helps the body utilize many nutrients. Vitamin D helps calcium absorption and supports the nervous system. Potassium works with calcium for nerve impulses and muscle contraction while Zinc supports our body's defenses, healthy skin and reproductive system.*

Text on PDP: Supports healthy bones, muscle function, reproduction and metabolism*

Name of dietary ingredient that is the subject of statement: Ca/Mg Citrate w/ Vitamin D

Name of the dietary supplement: Natural Factors

I represent the information presented to be accurate and in compliance with supplement label regulations.
