Dear Sir/Madam:

This is a notification pursuant to 21 U.S.C. 343(r)(6) that Standard Process Inc., Palmyra, Wisconsin 53156-0904, is making the following statements:

- (1) Soy Bean Lecithin perles also contain pure, unrefined soy oil, a source of linolenic and alpha linolenic essential fatty acids. These fatty acids are needed for many body functions including utilization of oxygen and growth, the immune response, and are also required in everything from cell membranes to healthy skin and hair. They are also necessary to form prostaglandins, powerful, short-acting hormone-like molecules that regulate body chemistry.*
- (2) Soy bean lecithin helps maintain healthy liver function.*
- (3) Soy bean lecithin helps maintain proper levels of homocysteine in the blood, thus supporting a healthy cardiovascular system.*
- (4) Soy bean lecithin helps maintain normal cholesterol levels.*
- (5) Soy bean lecithin maintains nervous system health.*
- (6) Choline and essential fatty acids in soy lecithin support immune functions. The combination of choline and linolenic acids in soy lecithin support immune system functions.*
- (7) Soy bean oil maintains a healthy cardiovascular system.*
- (8) Soy bean oil stimulates the body's immunological systems.*

These statements are made for a dietary supplement containing soy bean lecithin and soy bean oil. The name of the product is Soy Bean Lecithin™.
