LET 2498

Potassium

Description:

Potassium is an essential mineral that constitutes about 5 percent of the total mineral content in the body. It is important in tissue fluid regulation, nerve impulses, muscle contractions, cellular metabolism and enzyme reactions. Potassium works with a number of other minerals such as sodium, phosphorous and calcium to regulate a wide variety of body systems.

These statements have not been evaluated by the Food and Drug Administration (FDA). This product is not intended to diagnose, treat, cure or prevent any disease.

Directions For Use: Take 1 capsule per day.

Storage: Keep tightly closed in a cool, dry place.

Caution/Warning: As with any supplement, herb or medication, do not use it while pregnant or lactating, or provide it to a child without consulting a physician.

Note: This product is regulated by the FDA as a dietary supplement. If you have any questions about how you feel while taking this supplement, contact your physician. If you are taking any medication, have any disease or illness, consult your physician before taking this product. Do not stop or change prescribed medication without the permission or prescription of your physician.
