Section 403(r)(6) Notification

Dear Sir or Madam:

In accordance with the requirement of section 403(r)(6) of the Federal Food, Drug and Cosmetic Act, **Leiner Health Products** notifies the FDA that it has begun using the following phrase and statements:

Triple Formula for Healthy Joints

Your Life® Osteo Joint™ combines three complementary nutrients to help maintain healthy joints and connective tissue.

Three natural ingredients work together in this advanced formula to support the production of cartilage and fortify production of collagen.

Osteo Joint™ supports healthy, flexible joints with these three nutrients: Glucosamine Sulfate. Supplies Glucosamine, a naturally occurring amino sugar which is a basic building block for producing cartilage, synovial fluid and other connective tissue. It is needed for healthy structure and function of joints for optimum mobility. As bodies age, cartilage, a spongy tissue which acts as a shock absorber in joints may need additional nourishment to maintain adequate mobility and cushioning support. Devil's Claw. An herb that is native of Southern Africa, has been popular in Europe for the past twenty years. The Devil's Claw used in Osteo Joint™ is a standardized herbal extract (to 4% hapagosides) that may assist in joint mobility. MSM (Methylsulfonylmethane). Provides nutrients that work in conjunction with Glucosamine Sulfate to provide the building blocks of collagen, an important component of healthy joints and connective tissue. Support for healthy cartilage and connective tissue. Helps maintain optimal lubrication for joint mobility.
