**WARNING LETTER**  
**2002-DT-38**

Food and Drug Administration  
Detroit District  
1560 East Jefferson Avenue  
Detroit, MI 48207-3179  
Telephone: 313-226-6260

September 26, 2002

**CERTIFIED MAIL**  
**RETURN RECEIPT REQUESTED**

Mr. William Miles  
Radiology Manager  
Ontonagon Memorial Hospital  
601 S. Seventh Street  
Ontonagon, MI 49953

Dear Mr. Miles:

We are writing you because on September 10, 2002, your facility was inspected by a representative of the State of Michigan acting on behalf of the Food & Drug Administration (FDA). The inspection revealed that the quality of the mammography services offered by your facility has been compromised.

Under the Mammography Quality Standards Act of 1992 (MQSA), 42 U.S.C. § 263b, your facility must meet specific requirements for mammography. These requirements help protect the health of women by assuring that a facility can perform quality mammography.

The recent inspection at your facility revealed the following Repeat Level 2 finding:

A random review of medical reports revealed that one of five reports reviewed did not have an acceptable assessment category. This condition is in violation of Title 21 Code of Federal Regulations § 900.12 (c)(1)(iv).

The specific violation noted above appeared on your MQSA Facility Inspection Report (copy enclosed), which your facility received at the close of the inspection. This violation is identified as a Repeat Level 2 because it identifies a failure to meet a significant MQSA requirement and indicates failure by your facility to implement permanent correction of the same violation found during your previous inspection.

This condition may be symptomatic of serious underlying problems that could compromise the quality of mammography at your facility and represents a violation of the law which may result in FDA taking regulatory action without further notice to you. These actions include, but are not limited to, placing your facility under a

Directed Plan of Correction, charging your facility for the cost of on-site monitoring, assessing civil money penalties, suspension or revocation of your facility's FDA certificate, or obtaining a court injunction against performing further mammography.

It is necessary for you to act on this matter immediately. Please explain to this office in writing within fifteen (15) working days from the date you receive this letter:

- the specific steps you have taken to correct the Repeat Level 2 violation noted in this letter;
- each step your facility is taking to prevent the recurrence of similar violations;

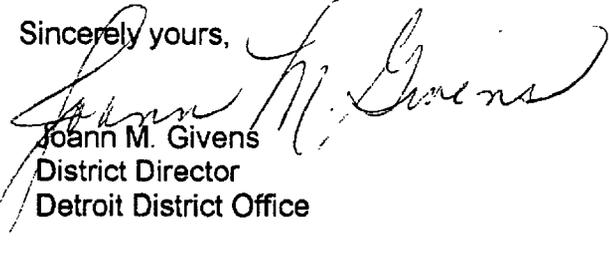

Please submit your response to: Mr. David M. Kaszubski  
Director Compliance Branch  
U. S. Food & Drug Administration  
1560 East Jefferson Ave.  
Detroit, MI 48207-3179

Please note that FDA regulations do not preclude a State from enforcing its own State mammography laws and regulations. In some cases, these requirements may be more stringent than FDA's. When you plan your corrective actions, you should consider the more stringent State requirements, if any. You should also send a copy of your response to the State of Michigan radiation control office that conducted the inspection referenced in this letter. You may choose to address both the FDA and any additional State requirements in your response.

There are many FDA requirements pertaining to mammography. This letter only concerns the findings of your recent inspection and does not necessarily address other obligations you have under the law. You may obtain general information about all of FDA's requirements for mammography facilities by contacting the Mammography Quality Assurance Program, Food and Drug Administration, P.O. Box 6057, Columbia, MD 21045-6057 (1-800-838-7715) or through the Internet at <http://www.fda.gov/cdrh/mammography>.

If you have any questions regarding this letter or how to ensure that you are meeting MQSA standards, please call Mr. Dennis E. Swartz, Radiological Health Expert, at 313-226-6260 Ext. 155.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Joann M. Givens". The signature is written in black ink and is positioned above the printed name and title.

Joann M. Givens
