WARNING LETTER

FLA-00-27

February 7, 2000

Jorge Luis Vado
1401 S.W. 32nd Avenue
Miami, Florida 33145

Dear Mr. Vado:

The Food and Drug Administration (FDA) attempted to examine a shipment of foodstuffs and cheese offered for entry into the United States by your firm on December 18, 1999, under the above referenced entry number, and found that the entire shipment was not available for FDA examination. Title 21, Code of Federal Regulations (21CFR), Section 1.90 requires the importer to hold an entry intact pending receipt of a "May Proceed Notice" or "Release Notice" from FDA. Since the product was not held intact, we have requested the U. S. Customs Service (Customs) to order redelivery of the foodstuffs and cheese which have been distributed without a release from FDA (copy enclosed).

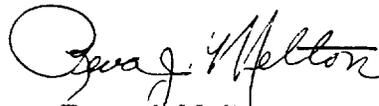

Failure to promptly correct this violation and prevent future violations may result in regulatory action without further notice such as seizure, injunction, or automatic detention of further shipments. It is your responsibility, as the importer, to ensure that imported products meet all the requirements of the Federal Food, Drug, and Cosmetic Act and the regulations promulgated thereunder.

We request a response in writing within fifteen (15) working days of receipt of this letter outlining the specific steps you have taken to correct the violation. Your response should include an explanation of each step being taken to prevent the recurrence of the violation. In the event that the product is still available for examination, you should inform Customs and FDA if and when redelivery is accomplished.
