**WARNING LETTER**

**CERTIFIED MAIL**  
**RETURN RECEIPT REQUESTED**

Mr. Larry Liemann, Safety Operation Manager  
Miami Aircraft Support  
9100 S. Dadeland Boulevard  
One Datan Center, Suite 1250  
Miami, Florida 33156

Dear Mr. Liemann:

On July 10, 1997, representatives of the Food and Drug Administration conducted an inspection of your servicing facility at Baltimore-Washington International Airport, Baltimore, Maryland. This inspection was conducted under the authority of the Public Health Service Act and the Federal Food, Drug, and Cosmetic Act.

The List of Observations (FDA-483) was issued to and discussed with Mr. James Parise, Station Manager. A copy of the FDA-483 is enclosed for your reference.

The inspection revealed significant deviations from the Interstate Conveyance Regulations [21 CFR 1250], as follows:

- 1) Sewage was leaking from the dump valve on lavatory service vehicle #008.
- 2) The hose connection to service vehicle #008 lacked an end cap or dummy connection.

As a result of these findings, this facility has been classified as "Provisional." A reinspection will be conducted on or about August 10, 1997, to determine if future classification will be "Approved" or "Not Approved." A "Not Approved" classification means you cannot provide water/sewage service to airlines.

Mr. Larry Liemann

Please advise this office in writing, within 15 days of receipt of this letter, regarding actions taken to correct the deficiencies and to assure that such violative conditions will not recur. Your response should be directed to Wiley T. Williamson, III, Compliance Officer. Mr. Williamson can be reached at 410-962-4366, Ext. 136.

Sincerely,

  
Elaine Knowles Cole  
District Director
