Dear Mr. Desburg:

During a June 30, 1998 inspection of your aircraft at Westchester County Airport, White Plains, NY, our investigator observed violations of the Public Health Service Act and regulations for the Control of Communicable Diseases and Interstate Conveyance Sanitation (Title 21, Code of Federal Regulations, Parts 1240 and 1250).

At the conclusion of the inspection our investigator presented to Jon Dixon, Supervisor, a list of Inspectional Observations, Form FDA-483 (copy attached) and discussed the findings with him. The following deviations were found:

**Flight #3621/ NJ08XJ/Final Destination Detroit**

- 7 of 16 first class chicken tandoori had internal temperatures tested between 57°F - 62°F.

The above violations are not intended to be an all-inclusive list of deficiencies which may exist. As a result of this inspection, a "Provisional" classification has been assigned for a period of thirty (30) days at which time a reinspection will be conducted. If significant improvement has not been made at that time, a "Not Approved" classification will be justified.

You should take prompt action to correct these violations. It is your responsibility to ensure that all requirements of the Public Health Service Act and the regulations promulgated thereunder are being met. You should notify this office in writing within fifteen (15) working days of receipt of this letter, of the specific steps you have taken to correct the noted violations.

Your reply should be sent to the Food and Drug Administration, 850 Third Avenue,  
Brooklyn, NY 11232, Attention: Bruce Goldwitz, Compliance Officer.

Sincerely,

Brenda J. Holman  
District Director
